## STITCHES

**Back Loop Slip Stitch (SL ST):** Insert hook into back loop of stitch, yarn over, pull loop back through and through loop on hook.

**Back Loop Single Crochet (SC):** Insert hook into back loop of stitch, yarn over and pull up a loop, yarn over and pull through two loops on hook.

## PATTERN

Make a chain to the length of the hat height that you need. For baby Jack I made the chain 10 inches long and chained 40.

*(I haven't tested other sizes, but adding three inches to the measurement of the tip of the nose to the crown of the head is a good guideline. This will make sure you have enough for the brim to fold up. If you want a slouchy hat, add even more length to the base chain.)*

**Row 1:** Beginning in the second chain from the hook, work 1 SL ST under the back loop. Work 1 SL ST into each of the next 4 chains. SC into each chain to the end. CH 1 and turn.

**Row 2:** Work 1 SC into the back loop of each SC. Work 1 SL ST into the back loop of each of the remaining 5 stitches. CH 1 and turn. (Keep your sl stitches loose, especially the last one before you chain and turn.)

**Row 3:** Work 1 SL ST into the back loop of each SL ST. Work 1 SC into the back loop of each SC to the end of the row. CH 1 and turn.

**Repeat rows 2 and 3** until the hat measures 3 inches less than the circumference of the head. For baby Jack this was about 62 rows. He has a 17 inch head circumference.

End the last row on Row 2 instructions so the tail is at the top of the hat. Tie off leaving a long tail for sewing.

Weave in and out of the top of the hat to gather close, then sew the two sides together. Tie off and weave in the ends. Roll up the brim and attach label.

*when sewing side seam, try not to have much or any seam allowance as the thickness can irritate the preemie's head.*
