Woven Celtic Knot Workshop

Half-Day Virtual Workshop Saturday June 26, 2021 (9-Noon)

Workshop fee is \$25 for members, \$35 for non-members (5 student minimum)

Enjoy a Half-day workshop learning how to transfer separate paths of a Celtic knot to fabric, then weave the paths together.

Raymond has a [book](#) titled *Woven Celtic Knots* shows how to weave simple Celtic knot bands, boxes, and crosses using a new method. Seventeen interchangeable knot templates are included so you can create original Celtic knots, or you can use Celtic knots from other sources such as coloring books.

This is a very versatile method and works with either paper or fabric. It works with a variety of applique techniques, such as raw edge fusible, freezer paper, or needle-turned applique.

Use the knots to embellish table linens, quilts, or clothing.
